Outline of SuloSupo7

It is an e-Sports with a new style of online Pachislot.

Players who play pachislot online (in their browser) and win top prizes in weekly tournaments are awarded special points. Items and winning points earned as a result of playing are converted to NFT and can be sold or traded among players by putting them on the marketplace.

SuloSupo7 = e-Sports, a service that is not illegal.

Current pachinko and pachislot players and

Acquisition of new customers

- ✓ Dormant users disengaged due to reduced specifications
- ✓ Users who value time due to the time and effort saved in going to the pachinko hall
- ✓ Users who prefer similar content such as social games and public gambling
- ✓ Users currently gambling at illegal online casinos

Of course, you can also expect to play pachinko and slots while playing!
